We care about your privacy.

sensemetrics is committed to respecting your privacy. This Privacy Policy pertains to the Excel add-in which is freely available for download via the Microsoft Office 365 store.

We may periodically update this Privacy Policy, so please visit this link from time to time. If we do change our Policy, we will post the changes here.

If you have any questions or concerns regarding our Privacy Policy or practices, please contact us at info@sensemetrics.com

The following Privacy Policy applies to the application or add-in that allows our End Users to import their data from the sensemetrics’ Cloud into Excel:

- The add-in does not collect or transmit any personal information or information related to your devices.
- The add-in connects to the sensemetrics Cloud and requests the credentials which we have provided so you can access your account. We record this access data and your API credentials but do not share or sell this information.
- The add-in transmits data from your sensemetrics account to Excel. The add-in is a porting tool – it does not collect or store your data. All data you import using the add-in is stored within your Office 365 tenant or local environment.
- The add-in uses cookies for the sole purpose of improving the add-in experience. These cookies do not store personal data or personally identifiable information.
- The add-in may link to external sites. This Privacy Policy does not apply to external sites when the End User navigates outside the sensemetrics Cloud.
- The add-in may track general usage and statistics to improve the add-in experience, but this tracking is not user specific.

This Privacy Policy was last updated on July 3, 2018.
